

Getting Ahead – Pre-course Work

#ThinkBrock

Information Technology Level 3 AAQ (Level 3 Single Subject)

Welcome to **AAQ IT**. In preparation for the start of the course, please complete these tasks and have them with you to hand in during your first week of college in September.

These tasks should take you approximately four and a half hours to complete and are designed to give you an introduction to the subject, and the expectations we have for you to complete at least four and a half hours of independent study, per subject, per week.

Task 1

Web designers need to think carefully about the design of a website to make it engaging and useful. Good website design is essential to promote a business or organisation and increase awareness of the organisation's aims or boost the business' sales.

Look at this website: <https://www.lingscars.com/>

- Explore the different pages on the site.
- What are your impressions of this site?
- Write down what you think is good about it.
- Now write and what you would improve and why?
- Do you think this is a well-designed website?

Now look at this website: <https://www.carleasing.co.uk/>

- How do the two websites compare?
- Which would you use if you needed to lease a car and why?

Task 2 – Codecademy HTML

Follow the link below and sign up to Codecademy:

[Learn HTML Code | Codecademy](#)

Start to complete the HTML course – you get badges the more that you do! How far will you get?

Getting Ahead – Pre-course Work
