

# Getting Ahead – Pre-course Work

#ThinkBrock

## Production Arts Level 3

Welcome to Production Arts.

In preparation for the start of the course, please complete these tasks and have them with you to hand in during your first week of college in September.

These tasks should take you approximately four and a half hours to complete and are designed to give you an introduction to the subject. The expectations we have for you to complete at least four and a half hours of independent study, per subject, per week.

### Task 1: Research into the history of Production Arts -

Pick a specialism that really interests you, (e.g., Lighting/sound/scenery/makeup) and research the history of that specialism, get key information and lay this out in a **PowerPoint**. Please include photos, (you can annotate these too) and key dates. Make sure this isn't copied and pasted and is written in your own words.

**Aim:** to have a basic understanding of the subject area before you start the course – do as best as you can.

### Task 2: Tell us about you.

Write a document that details what you have done in the past that will help with this course. If you have not done anything, tell us why you want to do this course and where your interests lie.

This will give us a great basis to work from moving forward and planning tasks and assignment around you so please make sure this is detailed and clear.

## Getting Equipped

You will need the following:

- Pen/pencil.
- Notebook.
- Comfortable clothing (for moving around and lifting).
- Positive attitude ready to learn.

We look forward to seeing you after summer.  
Tom & Luke.
